IS ENGLISH SPOKEN?

At Fun and Learn, we guarantee that the only language spoken during the day is English. The activities are highly organized, and the counselors are the ones who motivate the use of English as the only language spoken. The fact that we have native-speaking counsellors helps us in this task.

At Fun and Learn, we avoid textbooks and grammar exercises and encourage natural language learning through linguistic immersion. What we aim to achieve during the days of coexistence is to awaken and encourage motivation to continue learning English and to provide participants with the necessary tools to feel free and comfortable expressing themselves.

The CONVO TIME in small groups every morning helps motivate the use of the English language.

OUR COUNSELORS

At Fun and Learn, we understand that during the days of the summer camp, we are responsible for the most important thing in a family. Our team of counselors is carefully selected with the best care.

In all of our programs, we comply with all the regulations of the Generalitat de Catalunya, and our ratio is 1 counselor for every 6/7 children. Our counselors are native speakers, except for those who, according to regulations, must be qualified by the Generalitat. These are translators, graduates, or teachers in English.

They are prepared and trained to be able to guarantee the three main objectives of Fun and Learn: the safety of your children, fun, and language learning
