HOW DO YOU COMBINE FOOTBALL/SOCCER AND LANGUAGE?

Fun and Learn philosophy is learning English & Spanish with the linguistic immersion.

For this reason the spoken language at camp is English, even during training time. And for those who want to learn Spanish there are three hours of conversation time every day (the local campers take English during those 3 hours).

Every day there are two different sessions of football/soccer, combined with swimming pool and other sports.

During the camp we are going to do kayak in Sau water resort.

---

## SPORT GOALS

- To familiarize, develop and improve the basis of the game, a individual and as a group
- To participate and enjoy in an active way the sports and fun activities
- To develop the correct habit sports as the fair play, competitiveness and camaraderie.

---

## WHAT LANGUAGE DO THE CAMPERS SPEAK?

Counselors and coaches speak only in English during all the times in the campus. During the three hours of conversation times you can choose between English/Spanish or Catalan.

## COUNSELORS AND COACH TEAM

In Fun and Learn we know that during camp days we have under our responsibility the most important of a family. Our counselors team is strictly chosen.

In all our programs we follow the Generalitat de Catalunya law and our ratio is 1 counselor per 6/7 campers.

Our counselors are native speakers, except the ones who by law have to have the Generalitat de Catalunya degree. Those are English translators, English teachers or English bachelors degree.

All the counselors are specially trained and have the knowledge to guarantee the main goals of Fun and Learn:

your child safety, the fun and learning of the language and the practice of soccer.

During the soccer/football week we live together with the multiactivity English camp, therefore we have the great opportunity to meet more counselors from different parts of the world during conversation, pool, night games, caiac times. It is great.
